## Kennedy-Khrush Parley May Be First of Series

### June 3-4 Conference Impressions To Type U.S.-Soviet Relations

WASHINGTON (AP) — President Kennedy's meeting with Premier Khrushchev at Vienna next month may be the first of a series of U.S.-Soviet summit level talks extending over the years of the Kennedy administration.

How the relationship between the two men develops will depend much on the impressions they make upon each other in their conference in the Austrian capital, June 3 and 4. But it is already apparent that Kennedy's whole approach to talking with Khrushchev is quite different from that which has prevailed in other U. S. administrations since World War II.

The central element in Kennedy's attitude appears to be a conviction that top level talks with the leader of the Communist bloc are desirable and may be useful in easing East-West tensions provided the atmosphere in which they are held is reasonably favorable to calm discussion of outstanding world issues. Some administration officials now say that such meetings should be regarded as normal and should be considered worthwhile even if they fail to produce spectacular positive results.

Already there is speculation in diplomatic quarters that if the Vienna discussions go smoothly Khrushchev may invite Kennedy to visit the Soviet Union. The center of this speculation is Geneva where Secretary of State Dean Rusk met Friday with Soviet Foreign Minister Andrei A. Gromyko.

The two foreign ministers talked over plans for the Vienna meeting as well as the problem of Laos, which is the subject of a 14-nation conference at Geneva. The substance of their exchange was not disclosed but press dispatches quoted diplomatic sources at Geneva as pointing out that Khrushchev visited the United States in September 1959 and owes an invitation to an American president to visit the Soviet Union.

During most of the Eisenhower administration the former president and the late secretary of state, John Foster Dulles, resisted summit conferences pressures on the ground there must first be assurance of positive agreement less failure to reach agreement at the summit should increase East-West tension.

President Harry S. Truman had met with dictator Joseph Stalin at Berlin at the end of the war in Europe but during the rest of the Truman administration there was no enthusiasm in Washington for further summit sessions.

Eisenhower later modified his own position and the policies which he and Dulles had worked out toward a summit conference in the summer of 1959 in part as a result of Khrushchev's threats and pressures to change the status of West Berlin. Having met the Soviet premier in the 1955 summit conference at Geneva, Eisenhower invited him to visit the United States. The two men conferred at Camp David, Md., with the result that Khrushchev shelved for a while his threats against Berlin. Eisenhower agreed to a formal summit conference at Paris.

The Paris summit a year ago this month collapsed at the outset when Khrushchev turned a torrent of abuse against Eisenhower and branded him a false friend because of the U.S. spy plane incident two weeks earlier.

The Paris fiasco ushered in a period of intense bitterness in U.S.-Soviet relations, but Khrushchev was careful to specify that his anger was directed mainly against Eisenhower as president and that he would not carry it over in his dealings with Eisenhower's successor. He cancelled his invitation to Eisenhower to visit the Soviet Union but spoke of inviting the next U. S. president.

When Kennedy was elected, Khrushchev switched tactics in his dealings with the new American leader even though conflicts between the Soviet Union

## Korean President Resumes Post under Military Regime

SEOUL, Korea (AP) — Bowing to pleas of rebel generals, President Yun Po-sun today withdrew his one-day old resignation to give South Korea's new military regime constitutional status.

The elder statesman, 63, announced he had agreed to stay on as the civilian figurehead chief-of-state to avoid "international repercussions."

Foreign diplomats are accredited to the president and U. S. officials take the view that Yun remaining in office would make recognition of the new regime acceptable to him.

Sources close to Magruder said that while use of troops in the successful coup did not weaken South Korea's defenses against the Communist North it undermined the authority the U. N. command has exercised since the start of the Korean War in 1950.

The new military regime decreed strict anti-Communist measures, saying increased activities of the Communists and their sympathizers brought "clear and present danger to the nation's security."

## French-Algeria Peace Talks Finally Open

EVIAN-LES-BAINS, France (AP) — France and the Algerian rebels opened peace talks today and the De Gaulle government made two side conciliatory gestures.

In lightning raids during the night South Korea's military rulers jailed members of deposed Premier John M. Chang's cabinet and generals who refused to back Tuesday's coup.

The ousted premier, 61, reportedly talked himself out of arrest. He defied military police trying to take him to prison and demanded they produce a warrant signed by junta leader, Gen. Chang.

U. S. Gen. Carter Magruder, the supreme United Nations commander in Korea, reportedly has demanded that South Korean military units which defied him in

They seemed to have discarded any hope an internal upheaval would liberate them.

They knew that the abortive April invasion had destroyed a well-organized underground poised with smuggled arms to strike the minute an invasion came.

BIRMINGHAM Still Uneasy In Race Fuss

BIRMINGHAM, Ala. (AP) — A band of young Negroes and white persons today renewed efforts to crack racial barriers on buses in Alabama but drivers continued to refuse to carry them.

"I have only one life to give and I don't intend to give it for CORE or the NAACP," Joe Cavanaugh, a Greyhound bus driver, told the group as they tried to board his bus for Montgomery.

The bus did not leave as the integrationists stood around the loading platform, following their usual pattern of waiting.

Cavanaugh said he had heard of "a big caravan" waiting down the road to stop any attempt at integrated bus riding in Alabama.

Three other imprisoned rebel leaders were also taken from Fresnes Prison in Paris this morning.

The long awaited peace negotiations opened here in a secluded hotel guarded by hundreds of heavily armed policemen.

CINCINNATI Observes Armed Forces Week

CINCINNATI (AP) — Armed Forces Week will reach its high point in Cincinnati today with jet fighters flying over Crosley Field and armed troops clashing at a shooting center.

The jets will fly over the field just prior to the Cincinnati Reds-Milwaukee Braves baseball game. About 500 members of the First Battle Group, 147th Infantry, Ohio National Guard, will stage two mock battles at Tri-County Shopping Center.

# Castro To Seek Ransom For Captured Invaders

## Powerful Minority Now Rules Cuba

EDITORS NOTE — Robert Berrellez, Associated Press correspondent in Havana imprisoned during the abortive Cuban invasion, flew back to the United States Friday night with the first plane load of repatriated Americans. Here is his report on the present situation in Cuba.

La Cabana appeared populated by the top-ranking people of the nation. There were no less than 25 doctors—some hemisphere-renowned specialists—in our prison, but hardly any aspirin to ease a common cold. A well-known Havana lawyer died of pneumonia May 10 despite repeated calls on the prison commandant that a man was seriously ill in a cell. But his death served to call attention to our plight. The next day aspirin and some penicillin were available to combat an epidemic of influenza that was still raging when I left the prison.

The lawyer who died—Dr. Enrique Guiralt—was among countless thousands rounded up starting April 15 in what possibly was the biggest detention of human beings in hemisphere history. The

## Prisoner Group To Be Sent to U.S. To Dicker

### Cuban Boss Repeats Offer To Swap Men For 500 Bulldozers

KEY WEST, Fla. (AP)—A committee of prisoners captured in the recent invasion of Cuba will be sent to the United States Sunday to arrange for the ransom of their companions. Prime Minister Fidel Castro said today.

Castro, speaking on television from Havana, said the 1,200 prisoners captured in the April 17 attack would be exchanged "in increasing order of importance" for 500 bulldozers.

The Cuban prime minister said he had reports that the United States was considering dealing through the Red Cross, but that this was not necessary. "We don't need intermediaries," he said, adding, "Mr. Kennedy now has the floor."

When he made the disclosure, Castro had been in the midst of a speech to Cuban government officials, foreign diplomats and unionists. They were attending a meeting to celebrate his winning of the Lenin Peace Prize.

He also startled his audience when he said the Cuban navy had evidence that a launch that disappeared May 6 with a loss of 17 lives had been sunk by submarine of the Central Intelligence Agency.

"It is, of course, difficult to prove, but our conclusion was that our vessel was sunk by a penetrating torpedo," Castro said.

He added that prior to the disappearance of the launch—the R43—the navy had received an SOS saying, "They sank us, they sank us."

After repeating his proposal to trade prisoners for bulldozers "as compensation for the damage caused by the invasion forces," Castro asked his audience whether he had its approval. The crowd cheered noisily.

Castro also offered to trade the leader of the invasion forces—Capt. Manuel Artime—for Francisco (The Hook) Molina, a Cuban now awaiting sentence in New York City on a second-degree murder conviction.

Molina was convicted of slaying 9-year-old Magdalena Urquiza of Venezuela during a gunbattle between pro and anti-Castro elements in a Manhattan restaurant.

The Molina case has been widely played up in Cuba as a politically inspired judicial decision based on U. S. hatred of Castro.

The prime minister said the most important prisoners now in Cuba would be returned last, but only after he had received the last lot of bulldozers.

Besides Artime, Castro is holding Jose Miro Torra, son of Jose Miro Cardona, who is head of the anti-Castro revolutionary council, and Carlos Varona, son of Antonio Varona, who is another ex-leader.

The slaying orphaned the seven children of the tenant farmers at nearby Coleridge. Sharon was the eldest. Grandparents Mr. and Mrs. Chris Dahl of nearby Laurel took the others, ages 2 to 12, after the tragedy.

County Atty. Max Goetz said he would file charges against Sharon Dahl later. He said the straw-blond high school sophomore signed a statement she shot her father, Victor Dahl, 45, and her mother, Rosa, 34.

Miss Greene told the court she left the suite with Paisley, leaving Ratterman and Miss Hodges alone. Paisley has not testified yet.

Sheriff Checks Two Accidents

Mrs. Lewis Lynch, 49, Stoutsburg, sustained injuries to her right shoulder and neck when she lost control of her car and slid into a ditch on County Line Rd., at the entrance of the Circleville-Stoutsburg Rd. at 5:15 p. m. yesterday.

She was treated and released at Berger Hospital. Sheriff's deputies investigated the accident.

A truck driven by Francis Knece 33, Orient, was totally demolished at 3:30 a. m. today when it slid into a ditch, overturned and sheared off a telephone pole on the Circleville-Darbyville Rd. Deputies said Knece was cited for reckless operation and was scheduled to appear in court today.

Receiving certificates of honor for 50 years of law practice were Howard L. Bevis, Columbus, former president of Ohio State University; Nolan Boggs, Toledo; Leonard Garber Jr., Cincinnati; Walter F. MacQueen, Niles; George S. Middleton, Lima; O. J. Myers, Dayton; Charles Schnee, Akron; Henry B. Street, Cincinnati, and Roy F. Vandemark, Elyria.

A special certificate of honor was given to Charles H. May, 88-year-old Circleville attorney who has practiced 65 years.

## Ratterman Testimony Hazy On Events Prior to Arrest

NEWPORT, Ky. (AP) — George Ratterman, 34, reform candidate for sheriff of Campbell County, has been hazy in testifying about events that led up to his arrest early May 9 in the company of a strip-tease dancer.

Testimony at Ratterman's trial on charges of disorderly conduct, breach of peace and resisting arrest Friday turned to politics and big time gambling in Newport and Campbell County.

Ratterman said he and a friend, Thomas Paisley of Medina, Ohio, met Tito Carinci, manager of the Glenn Hotel and Tropicana Night Club, in a Cincinnati hotel. They had some drinks and then, despite Ratterman's unwillingness, crossed the Ohio River to Newport for a steak dinner in Carinci's suite.

Newport detectives arrested Ratterman in the hotel suite along with Juanita Jean Hodges, 26, Miss Hodges, who dances under the name of April Flowers, was charged with prostitution.

Carinci, 32, was charged with breach of peace for trying to hinder the detectives.

Ratterman testified that when he and Paisley entered the cocktail lounge of the Terrace Hilton Hotel in Cincinnati, Carinci was there, talking with a hotel employee.

The former Cleveland Browns quarterback has claimed he was drugged and framed. Dr. Frank Cleveland, pathologist for the Cincinnati coroner, has testified Wednesday that he found chloral hydrate (knockout drops) and alcohol in blood and urine samples taken from Ratterman the morning after his arrest.

Ratterman denied having seen Miss Hodges before the trial. He said, however, that after going to the Glenn "I believe I can recall a woman in a red dress."

Miss Hodges and Bonnie Greene, another dancer, testified Wednesday that they went to Carinci's suite when Ratterman and Paisley were there.

Miss Greene told the court she left the suite with Paisley, leaving Ratterman and Miss Hodges alone. Paisley has not testified yet.

## Schoolgirl Kills Parents For 'No-Dates'

### Schoolgirl Kills Parents For 'No-Dates'

HARTINGTON, Neb. (AP) — A pretty young schoolgirl was in the small brick jail here today after admitting she killed her parents because they objected to her having dates.

County Atty. Max Goetz said he would file charges against Sharon Dahl later. He said the straw-blond high school sophomore signed a statement she shot her father, Victor Dahl, 45, and her mother, Rosa, 34.

The slaying orphaned the seven children of the tenant farmers at nearby Coleridge. Sharon was the eldest. Grandparents Mr. and Mrs. Chris Dahl of nearby Laurel took the others, ages 2 to 12, after the tragedy.

Goetz said Sharon complained her parents had been restricting her for a couple of years. About a week ago, Sharon told him, she began thinking of killing them.

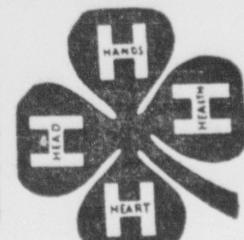

About daybreak Friday, she related in her statement, she slipped downstairs, loaded both barrels of her father's .36 gauge shotgun and blasted both parents in the head as they slept.

By EDWIN D. TAYLOR  
Associate County Extension Agent

All 4-H members who have beef, sheep, swine or dairy for projects should plan to attend the fitting, showing and judging training workshops which will be held during the month of June.

Your attendance at these meetings will enable you to observe an animal being prepared for show. Valuable pointers will also be given on how to show and judge your animal.

The meetings will be at the Pickaway County Fairgrounds Livestock Judging Arena. The man who will judge your animal on show day at the Fair will be here to conduct the meeting for your particular type of livestock. The meetings will be on the following dates: beef — June 5, sheep — June 8, swine — June 12, and dairy — June 26. Please mark these dates on your calendar and plan to attend the meetings which are of interest to you.

### Merry Mixers

By Stephanie Marion  
Circleville High School's sewing room was the site of the Merry Mixers 4-H club meeting on May 9.

The pledges were given and "Yankee Doodle" was sung. Twenty members answered the roll call by stating their career interests.

Plans for the flower plot in front of the Pickaway County Court House were discussed. Koleen Wright, county extension agent, home economics, presented the club with some ideas on demonstrations and stressed the need of money for the home economics building to be built on the Fairgrounds. The club is selling tickets for a movie to be shown at the Starlight Theater on May 18, 19, and 20.

Refreshments were served and demonstrations were given by Debbie Ankrom and Patsy Lattimer on table setting.

### Logan Elm Sunny Sewers

By Sandra Gifford  
The meeting was called to order by President Susan Laveck. Roll call was answered by telling what we liked to do when making our projects.

Cindy Valentine led the members in the 4-H Pledge. Nancy May led in the Pledge to the Flag.

Demonstrations were given by Shana Humphrey on care of the teeth and Janet Marion on safety in the kitchen. Talent was presented by Cindy Valentine and Jane Wright singing a duet. A duet was also sung by Barbara Dudleson and Susan Laveck.

The next meeting was to be held May 8 in Pickaway Twp. School.

### Darby Fine and Dandy

By Jim Garrett  
The main discussion of the fourth meeting of the Darby Fine and Dandy 4-H club centered on a club project.

The meeting was opened by President Nancy Huffman in Darby High School. We agreed to help in the Cancer Drive as a club project.

### Duvall Busy Fingers

By Lois Burtner  
The sixth meeting of the Duvall Busy Fingers was held at Duvall School May 9.

The meeting was opened by singing "America". Vicki Hay led the group in saying the Pledge to the Flag and Janet Stover led in the 4-H Pledge. The roll call was answered by naming a sport.

New business included the approval to donate \$25 to the home economics building at the Fairgrounds. This will be the club's second community project. A committee was appointed to find ways to earn money. On the committee are Lois Burtner, Marilyn Younkin and Linda Fares.

The following demonstrations were given: Carol Gutheil on how

## Early Weaning Of Lambs Not Detimental

By ROBERT KIRK  
Extension Trainee

Lambs can be weaned at 10-12 weeks of age with no detrimental effect on rate of gain of feed efficiency.

Early weaning coupled with proper feeding results in a higher per cent of fat lambs than the bluegrass pasture system where ewes and lambs are turned out on pasture together.

Early weaning will result in the majority of the lambs being sold at 85 lbs. to 95 lbs. at an age of 4-5 months rather than at an age of 6-9 months. This system will help in making a more orderly market of Ohio lambs.

The system will work for the April and May lambs as well as the January and February lambs.

Lambs born in January and February should be produced entirely on dry lot and sold in late May and June markets. The April and May lambs should be pastured separately from the ewes.

PARASITE infestation will be greatly reduced by weaning and pasturing lambs separate from the ewes.

To produce 85 to 95 pounds of lamb in 4-5 months a good creep feeding program must be followed. To prevent any setbacks at weaning, the lambs should be consuming 3/4 pounds of creep feed per lamb per day prior to weaning.

Of course, after weaning the creep feed should be continued. A recommended ration is as follows: 70 per cent shelled corn, 10 per cent oats, and 20 per cent soybean oil meal plus leafy green alfalfa fed in racks.

If early weaning is practiced, lambs can be fed out on dry lot. When you pasture only the ewes you can keep a few more and thus be able to produce more lamb per man unit.

### Spittlebugs on Strawberries:

This is the first year we are re-

commending a scheduled spray for strawberry insects. Spray when 10 per cent of blossoms are open.

For commercial growers — 2

lbs. 50 per cent DDT wettable powder plus four lbs. 25 per cent malathion wettable powder per 100 gallons of water to control spittlebugs, tarnished plant bugs, leaf rollers and aphids. Thiodan gives excellent spittlebug control, but should be applied earlier, when first blossom opens.

For home-grown strawberries

use one tablespoon 50 per cent

DDT wettable powder plus two ta-

blespoons 25 per cent malathion

wettable powder per one gallon of water. Two tablespoons methoxychlor per gallon of water will control spittlebugs.

### Scale Insects:

If juniper, arbor vitae, incense cedar, or cypress look dingy gray or yellowed, examine the needles closely for very small, 1-20th inch, dirty white scales with a round center. Spray crawlers in early June with malathion (one table-

spoon of 50 per cent emulsion

concentrate per gallon of water.)

Euonymus may also have another scale with pale yellow crawlers

visible in late May or early June. Use same control measure.

In a recent survey, husbands admitted they looked to their wives as their chief authority on fibers and fabrics. So, to the wives, here is the spring and summer fashion story for men.

British inspired patterns in fabrics stand out in spring lines — Glen plaid, paisley print and stripes — both horizontal and vertical.

Lightweight blends of dacron polyester fiber and wool show a strong preference for the traditional British checks and bold plaids.

Sport coats, in a new fabric of dacron and flax, offer the texture of linen without its sensitivity of wrinkling.

MADRAS will be notably changed this year — the demand is for brighter patterns with white and off-white backgrounds. You'll see them in blends of dacron and cotton which do not bleed or become muted with successive washings.

The ever popular olive tones appear in lighter shades this spring under new names — pewter, heather or just plain earth. A newcomer is a medium tone of blue which has been dubbed Bristol, king's commander, or nova.

There has never been such a wide choice of knit shirts and sweaters as there is this year. So called ventilated knits and porous constructions allow nature's own cooling system to give men the greatest sweater comfort.

Fibers prominent are: a blend of 80 per cent orlon acrylic fiber — which give a whiter white and increased absorption — and 20 per cent cotton; orlon sayelle ac-

rylic fiber, which contributes a lively new resilience that will last through many machine washings; and antron nylon, which imparts a luxurious hand and subtle luster.

Casual knits can be teamed with casual slacks shown in an easy care fabric of 65 per cent dacron polyester fiber and 35 per cent cotton.

## Finance Company Limitations Set

COLUMBUS, Ohio (AP) — A finance company cannot recover an automobile purchased in good faith from a dealer who failed to issue a certificate of title or pay off the mortgage, the Ohio Supreme Court has ruled.

A 6-0 decision Wednesday, the high court affirmed Cuyahoga County courts' refusal to premit Mutual Finance Co. of Cleveland to take possession of a car bought by Walter J. Kozol from N. J. Popovic, a leader who subsequently went bankrupt.

The supreme court held that when a finance company has knowledge of continued defaults of a dealer making sale, "the finance company is not entitled to protection of the certificate of title law, but is required to deliver up its manufacturer's certificate for the issuance of a certificate of title to the purchaser."

Representing the Deer Creek Child Guidance League were Mrs. Ray Strawser, Mrs. Harvey Looney, Mrs. Jack Brayshaw, Mrs. Ronine James, Mrs. James Hamman, Mrs. Glenn Chester and Mrs. Joe Wright.

### Farmers Must Guard Against Hog Cholera

By DALE E. McNELLY  
Extension Trainee

The number of cases of hog cholera in Ohio has declined considerably since 1953. But the Ohio Department of Agriculture recently reported that farmers still have to be on guard against this dreadful disease.

Several laws have been passed by Congress to help and protect the hog farmers. Two of these laws have been the requirement of cooking garbage fed to hogs and the requirement that no live hog cholera virus be used in the immunization of hogs.

The effect of these laws can not accurately be measured, but it can easily be seen that the number of hog cholera cases have decreased by a large number since the laws were passed.

#### Future Farmers of Monroe By Joyce Long

The sixth meeting of the Future Farmers of Monroe was held May 11 in the school house. The meeting was called to order by president Jim Shell.

The club pledge was led by Gene Long. The roll call was answered by a favorite car.

The date of the club tour was again changed. The date now is May 21. The club is donating \$25 to the new home economics building at the Fairgrounds.

The skating party was discussed and a ticket committee appointed. Chairman of the committee is Cathy Redman and Joyce Long.

After the meeting sheep reports were given by members with sheep projects.

#### Jackson Jolly Tasters and Basters By Linda Minor

The health meeting led by Melanie Dudson was opened by Vice President Judy Allen, May 10 at the school. The 4-H pledge was led by Sally Hines and roll call was answered by naming a health rule.

It was voted to donate \$5 to the new home economics building. Melanie Dudson gave a health quiz on cancer.

For recreation there were two games played. Sherry Boyer gave a demonstration on how to prepare a tea towel for hemming.

Linda Minor gave a demonstration on the proper care of your sewing machine. Refreshments were served by Mary Good and Joy Yerian.

The next meeting will be May 29 at the school.

#### Darby Flying Needles By Barbara Vance

At our fifth meeting we discussed the Cancer drive and what had been done.

We discussed our donation for the new home economics building at the fairgrounds. We decided our donation would be \$25. Our health representative will be Barbara Vance.

It was decided that a telephone committee for the summer meetings would be Jeri Rapp and Lynda Witzel.

Refreshments were served by our hostess, Pamela Gantz. The next meeting will be at the home of Lynda Witzel at 2 p.m. June 13.

## Political 'Images' Prove Hard To Change or Remove

COLUMBUS, Ohio (AP)—Political images cause delight or dismay, depending on how you view them.

And once firmly fixed, they are as hard to change or remove as adhesive plaster.

An example is the "do nothing" tag gleefully pasted on the Republican-controlled Legislature by Democrats with an eye to next year's election.

GOP leaders said they learned that Democrat Gov. Michael V. DiSalle and strategists of his party decided last fall to apply that label after losing majority control of both Houses in the 1960 election.

Republicans believe that the "high tax" image earned by the 1959 Legislature under DiSalle's aegis led to unexpected GOP capture of both Houses and the

hope that a "hold the line" slogan will be to the liking of taxpaying voters next year.

But jokester critics assert that Republicans could deserve a "do nothing" tag by failing to cut enough from the state operating budget.

House cuts in DiSalle's budget loosed a flood of criticism from the governor and pained department heads, even before the Senate takes its whacks.

GOP leaders assert that DiSalle laid the groundwork for his cry of "shylock" by submitting a budget calling for spending far beyond revenues without asking more tax increases to cover the excess.

Republicans whipped the budget into balance and the House approved cuts of about \$26 million from that total, leaving just over \$2 billion to run the state for the next two years.

DiSalle and his Cabinet promptly warned that the cuts will curtail state aid to the aged, helpless, crippled and orphaned.

Republicans counter that they have provided enough to avoid such reductions unless the money is dissipated by costly administration and patronage.

Cloud and other party leaders termed "ridiculous" claims that welfare and mental hygiene services would be harmed.

"There's no reason under the sun why any individual allowances should be cut," said Chairman Ralph E. Fisher, R-Wayne, of the House Finance Committee.

"If this information was incorrect," he continued, "the Joint Chiefs said clearly that the United States would have to support the invasion with sea and air power."

In the end, he reported, "the worked-over budget increases appropriations over those of two years ago for all departments except industrial and economic development.

A statement issued by the Franklin County delegation in the House said "special attention has been given to (dependent) children (up \$10 million), disabled (up \$15 million) and general relief (up \$4 million)."

"While the (welfare) department has been denied funds for the employment of more political appointees, there should be no reduction in benefits to those for whom the welfare laws were enacted."

"On the contrary, the children, the disabled and others who are dependent upon the state through no fault of their own should receive more adequate benefits if the money is not used up in unnecessary costs of administration."

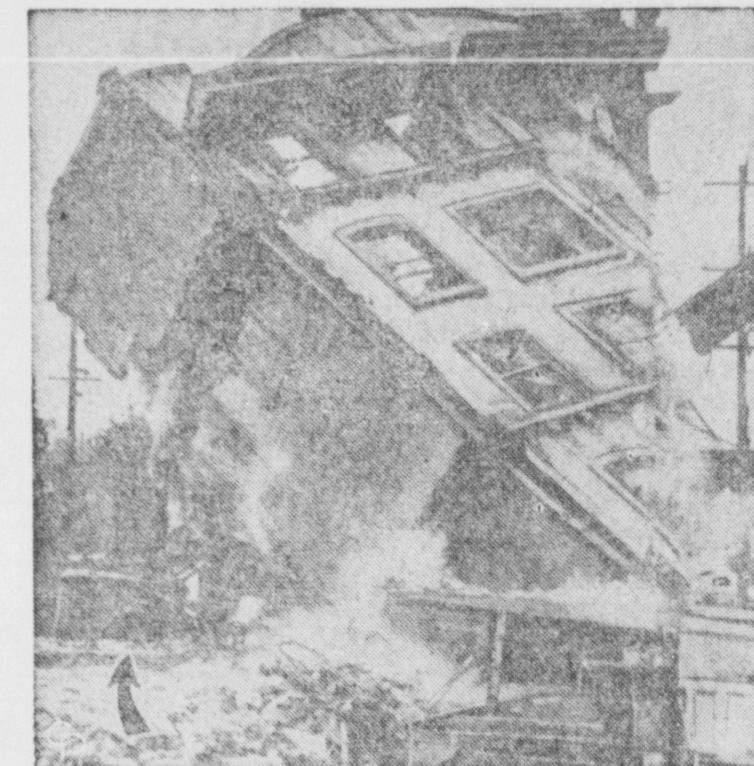

GOP leaders also bolster their fiscal claims by citing transactions to indicate the 1959 budget was overweight.

They said \$11 million ultimately was transferred from aid for the aged appropriations and \$4 million shifted from mental hygiene within four months after the legislature adjourned in 1959.

But DiSalle insists his budget was drafted only after sharp reductions in department requests and that the total might well be increased rather than slashed.

Concerning state service curtailments he said would be forced by GOP budget cuts, the governor said:

"They will be made and they will be harmful."

## Big Noise Due at Dayton

Sometime within the next two years, 36 of the world's largest noisemakers will be turned loose simultaneously at the Wright-Patterson Air Force Base in Ohio. If all goes well, not a sound will be heard outside the building housing the instruments. If the acoustical engineers have miscalculated, the resultant clatter may reverberate throughout Ohio.

This is not the Air Force way of celebrating New Year — engineers are merely trying to duplicate the legendary feat of Enrico Caruso by breaking objects with tones. Instead of wine glasses, the military tooters are testing metal components which will be used in ICBM missiles to determine the effects of acoustical fatigue on materials.

Sirens measuring 24 inches in diameter of three dozen of these screaming demons a surface of 10 square feet, and a concert will be connected to amplifying horns which will produce a million watts of acoustic energy. Engineers optimistically hope to

contain all this in a special building made of concrete two feet thick.

Acoustic stress measurement is a relatively new concept of industrial testing. The Wright - Patterson test will involve the loudest sound ever created, but not many visiting dignitaries are expected to be on hand for the event. No one will be permitted in the "music room" while the symphony is playing, and anyway what if two feet of concrete isn't enough?

One might ask what does the Air Force intend to do with its ICBM if it passes the noise assault? It might be considered almost normal to subject a space vehicle to such tests. But ICBM missiles are supposed to be trying out for better accuracy over a 2,000-3,000 mile range only a short distance above earth.

Maybe what the Air Force is really doing is preparing to make a spectacular missile shot, complete with noise generators to announce its arrival.

## Bonn Reduces Rate Again

West Germany's Federal Bank has reduced its discount rate from 3½ to 3 per cent which is the current rate at U. S. Federal Reserve Banks. Bonn's action, the second since last January, presumably was to discourage the inflow of foreign capital attracted by Germany's higher interest rate and strength of the Deutsche mark.

Whether the rate reduction will have the effect — desired by the United States, of course — of checking the movement of dollars to West Germany is problematical. January's action did little to halt the accumulation of dollars there.

Still, the latest cut may cause West German commercial banks, which currently charge 6-6½ per cent on loans, to

bring their interest rates in line with lower U. S. bank rates. If this happens, German companies now borrowing in the United States would instead turn to their own banks, and the U. S. international payments balance would be the gainer.

By coincidence, the Reserve Bank of South Africa moved at the same time as the German bank, but in an opposite direction. South Africa, which has decided to withdraw from the British Commonwealth, raised its discount rate from 4½ to 5 per cent to halt the flight of funds.

The actions of the two banks, though divergent, demonstrate the fundamental urge of money to go where it's safe and profitable.

## Never Ignore Mass Movements

I am often told not to dignify somebody or something by giving him or it public attention. The idea behind this advice is that nothing exists unless it is noted in the press.

I learned different in October 1917. Seven men and two women who were generally of neutral personalities came to Petrograd to take over Russia. I knew most of them. I knew where they were hiding. Of an evening one might have gone to a Cafe Chantant, as they called a night club there, to listen to an actress ridicule these men and women. Trotsky, in particular, was ridiculed. Madam Kollontai, a wealthy woman turned Red, was laughed at for her beauty and good clothes.

That was 44 years ago. I recall attending the Constituent Assembly which was the hope of the Russian people. Lenin sat on the platform for a short time. He was a tall, calm, dull-looking man who looked perhaps like a printer or maybe a grocer. He waved to a girl in the balcony. Then the Bolsheviks got bored. They left the hall. The seats they vacated were so few that numerically they counted for nothing. This was a small band of nobodies who fancied themselves rulers. Then one of them, Dybenko, came into the hall of the Tauride Palace and gently told the assembled delegates that they had better get out. One man against the nation. So they all got out. They went their various ways.

During the intervening 44 years, this small band became masters of a large part of the world. Lenin has been deified and most of his associates have been murdered. Trotsky was assassinated in Mexico and Angelica Balabanoff is in

the Depression. They had not

## Try and Stop Me

By BENNETT CERF

ACCORDING to the "Dumas Dictionary of Cuisine," toasts were first drunk during the French Revolution. The word came from the English who, when they drank to anyone's health, put a piece of toast in the bottom of the beer pot. Whoever drank last got the toast.

One day Anne Boleyn, then England's reigning beauty, was taking a bath surrounded — I can't imagine why — by the lords of her suite. Each one gallantly took a glass, dipped it in the tub, and drank her health. All but one, that is, who was asked why he did not emulate their example.

"I am waiting for the toast," he said.

After only three months on a job, a meek-looking little man tapped his employer for a raise. "You haven't been here long enough," the employer reproved him. "First work yourself up to it."

"Are you kidding?" groaned the little man. "Look at me now. I'm shaking all over."

## Inside You and Yours

By BURTON H. FERN, M. D.

You smoke cigars, chew tobacco and they still say you're eating for two!

How could you possibly have a tapeworm? You're clean and sanitary.

Tapeworms often come nestled cozily in that rare steak, pork sausage or spiced fish! You can scrub your hands until they're raw, but if yougulp down one contaminated mouthful, the worm's head comes to life and latches onto your intestinal wall.

Fish tapeworms may mimic pernicious anemia. They anchor themselves near the stomach, where they swallow vitamin B-12 and other blood-building chemicals needed by the bone marrow.

Dwarf, dog and rat tapeworms grow up in tiny insects and occasionally invade the human intestine.

Fido may snap at an infected flea and then lovingly lick Baby's face.

When Baby licks his chops, he gulps down Fido's souvenir — the tapeworm-carrying flea.

Once the microscope exposes the worm segment or egg, your doctor will prescribe worm-killing medicine and a routine for cleansing the intestines. You can't celebrate a cure until the worm's head is found. For if it remains, a new worm will grow.

No matter how poor your own hygiene, well-cooked food — not just seared on the outside, raw on the inside — and a clean, flea-free Fido can keep you and yours from becoming just another tape-recorded statistic!

Dr. Fern's mailbox is wide open for letters from readers. While he cannot undertake to answer individual letters, he will use readers' questions in his column whenever needed and when they are of general interest. Address your letters to Dr. Fern in care of this newspaper.

## Historian Says Christianity Helps Foment Anti-Semitism

NEW YORK (AP) — Does anti-Semitism have its roots in the Christian faith?

Has Christianity — founded by a Jewish savior in a Jewish land and spread by Jewish apostles — fomented the hatred of Jews?

Yes, says Prof. Jules Isaac, an eminent French-Jewish historian in a book published this week by the National Conference of Christians and Jews.

Although anti-Semitism is a direct contradiction of Christianity, Isaac holds, the Christian church fostered it in past ages and set into motion forces which culminated in the wholesale murder of Jews by the Nazis.

Isaac makes clear that present-day Christian churches are not anti-Semitic, but he says the trend set in former times has had far-reaching effect.

The professor, who lost nearly his whole family in a German concentration camp during World War II, says it is now the duty of Christianity to reverse this trend by purging itself of anti-Semitic relics in its liturgy and teachings.

Isaac has devoted much of his life to reversing what he feels are Christian misconceptions about Judaism and Jews. He has written two books on the subject and, in 1947, submitted 18 points recommending changes in Christianity.

# 'Watchdog' Program Used To Guard County's Health

**Editor's Note:** This is the third of four articles prepared by Dr. Frank Moore, county health commissioner, outlining the functions of the Health Department.

**General sanitation:**

The county sanitarian spends a large portion of his time as a "watchdog," inspecting and investigating public health conditions. His work includes periodic checks of food service and vending operations, house trailer parks, camps and other places where public health problems frequently arise.

**He also inspects municipal and private water systems and wells.**

To increase the effectiveness of the sanitarian's efforts, the County Board of Health adopted a code of sanitary regulations which became effective in May, 1960.

These impose an obligation on contractors and private individuals or businesses to obtain permits prior to installation of sewage

disposal systems and similar work.

**THESE** operations must in addition be inspected by the sanitarian before completion of the work to insure that no health code has been violated.

**Rabies control:**

Investigations are made by Health Department personnel of all animal bites reported to our office and of all animals reported as sick or behaving strangely.

The county dog warden cooperates closely with the offices during these investigations.

**Animals that are pets, after biting a person, are located and caged for about two weeks as a precautionary measure.**

If the animal is suspected of being rabid, it is sent to the state health laboratory for analysis.

After a person is bitten by a rabid animal, he is vaccinated in an effort to prevent development of the disease. This vaccination,

known as the "Pasteur Treatment" requires daily injections for a minimum of two weeks.

**THESE** shots, though painful, are the best method of preventing the spread of rabies. Once symptoms of rabies develop in the person, the disease is fatal. One major fault with the Pasteur treatment is the possibility of violent reactions in the person treated if his system rejects the antitoxin.

Pickaway County does not have compulsory rabies control, but voluntary vaccination of all dogs would be a major step toward the elimination of rabies on a local level.

**Health Education:**

The Health Department offers a program service of talks, films and demonstrations free upon request to many organizations, school classes and business groups.

The information program also includes a series of informative booklets on a variety of health matters which may be obtained at no charge at the department office.

The office has always enjoyed the fullest cooperation with local communications media.

As a part of compiling accurate information about Pickaway County's health status, the department clerk serves as registrar of vital statistics.

**SHE IS** authorized under present law to issue certified copies of birth and death certificates. She also registers and records all county (exclusive of Circleville) births and deaths. Thus we obtain some measurement of the effectiveness of our health program.

**Venerel Diseases:**

All cases of venereal diseases are reported by private physicians to the department. Cases are then investigated and placed under proper treatment by the local physician, supervised by the Health Department. If clinic service is required, the patient is sent to the Venereal Disease Clinic operated by the state health department in Columbus.

**Maternity and child services:**

Maternity service and infant and pre-school child hygiene are for the most part supervised by the county nurse.

She provides information about motherhood and infant care to the prospective mother and gives help when requested, in preparing a woman for childbirth.

This will make the larger balloon considerably more useful, since distortions in the shape of Echo have reduced its effectiveness in relaying radio signals bounced against it.

The tests of the new type balloon were made at Weeksville, N.C.

It first was inflated to a pressure of 4,000 pounds a square inch—the maximum planned for use in orbit. Then it purposely was inflated to the bursting point, which required 4½ times that pressure, to test safety margins.

The new balloon's skin consists of two layers of aluminum foil cemented to a plastic layer. It weighs 500 pounds, compared with the 136-pound weight of the satellite launched last Aug. 12.

**Next:** Combating Chronic Disease.

## Solons Cautious On K-K Parley

### Some Uneasiness Felt in Capital

WASHINGTON (AP) — Members of Congress are keeping their fingers crossed about the outcome of the forthcoming meeting between President Kennedy and Soviet Premier Khrushchev.

Beneath the expressions of support for Kennedy and the generally cautious optimism reflected in comment, there is a core of uneasiness about what might happen at Vienna.

This seems to be based primarily on the unpredictability of Khrushchev and his demonstrated ability to make propaganda out of almost any occasion. Nobody has forgotten his breakup of the Paris conference a year ago nor his abusive treatment of former president Dwight D. Eisenhower.

Some Republicans obviously wonder how Kennedy would cope with some similar incidents. Most Democrats think he will be able to take care of himself.

In this connection, Rep. Thomas M. Pelly, R-Wash., said Democratic leaders ought to try to persuade Kennedy to call off the conference.

"We should not send an apprentice president to deal with a wily, seasoned, world-wise leader like Khrushchev," Pelly said in a statement.

On the other hand, Sen. Hubert H. Humphrey of Minnesota, the assistant Senate Democratic leader, said he isn't worried about Kennedy's being able to hold his own.

"The President is well-informed, unemotional and firm," Humphrey said. "He will give a good account of himself under any circumstances."

But among both Democrats and Republicans there was the feeling that Kennedy is going into the talks at a disadvantage because of the Soviet man-in-space accomplishment, the Cuban invasion disaster and the situation in Laos.

Gloomily, Sen. Eugene J. McCarthy, D-Minn., said that Khrushchev "seems to have most of the marbles."

### National Guard Cut Predicted

WASHINGTON (AP)—The Kennedy administration will carry out an Eisenhower administration proposal to trim National Guard and reserve manpower strength by 10 per cent, the Army Navy Air Force Journal predicted today.

The unofficial but authoritative publication said it had learned the present administration would not seek any funds for manpower in the coming fiscal year beyond those contained in the Eisenhower budget recommendation, plus the 13,000-man increase in regular forces proposed by the Kennedy budget.

The effect of this would be to reduce drill pay strength of the guard from 400,000 to 360,000 and the reserve forces from 300,000 to 27,000.

## Federal Trade Commissioner Raps Kennedy Shakeup Plans

WASHINGTON (AP) — A member of the Federal Trade Commission believes that President Kennedy's proposed reorganization of the regulatory agencies could lead to a commission being "banished to remote parts of the United States."

Sigurd Anderson, testifying at a House hearing in opposition to the plan, said it could turn the commission into the tool of an aggressive chairman. Others members of the FTC have expressed similar objections.

Anderson referred to a provision which would give the chairman of a commission assignment powers now vested in the full commission. He implied it could mean exile for a commissioner who got into the bad graces of a chairman.

But Newton N. Minow, chairman of the Federal Communications Commission, described the proposed change as "a minor housekeeping provision." He said in a prepared statement the majority of a commission could take such powers away from any chairman who abused them.

### Washington WWSWS Stages M-D Tea

Approximately 50 members and guests were present when St. Paul WWSWS Washington Twp. met in the church annex.

After the Devotions by Betty Lou Leist a short business meeting followed under the supervision of the President, Mrs. Arthur Leist.

This being the Mother-Daughter Tea, each member had invited her mother or daughter and two other guests to sit with her at her table which she had set and decorated.

The guests also found individual favors at their places provided by their hostess.

The program was in charge of Mrs. Emmett Hinton and Mrs. Cliff Hedges, and for that each table prepared a secret to be guessed by the other.

Refreshments of cookies, ice cream and ice tea were served.

### First EUB Group Conducts Meeting

The Shining Light Bible Class of the First EUB Church met Thursday in the service center for a meeting called to order by Mrs. Clara DeLong, retiring, vice president.

A song service followed with a prayer given by Mrs. Ruby Brown.

A short business meeting was conducted by Mrs. DeLong as her concluding business session of the year.

The program was then called to order by the leader, Mrs. Ester Goodman who led the Devotions. Prayer given by Mrs. Ruby Brown.

A series of short reading were given by the following ladies: "The Friendly Letter" by Mrs. Mable Dumm; "My God and I", Mrs. Brown; "That Day", "You and I", and part of the 24 Psalm by Mrs. Goodman. The concluding number was a ghost story given by Mrs. Bessie Long.

A missing word contest was played. Winners were Mrs. Brown and Mrs. Zelma Spencer, a guest for the evening.

A dessert course was served by Mrs. DeLong. Mrs. Camp and Mrs. Ruby Brown.

Grated Parmesan or cheddar cheese

The following directions are for an individual serving. Butter an individual glass 6-inch pie plate; add 1 tablespoon cream; place 1/4 cup short thin strips of the cooked ham in the cream.

Break 2 eggs over the ham; sprinkle 1 tablespoon Parmesan or 2 tablespoons cheddar cheese over eggs. Bake in slow (325 degrees) oven 18 minutes for almost firm eggs. Serve at once; salt and pepper may be added at table.

### Personals

Mr. and Mrs. Robert Turner, 421 Avon Dr. have returned home from a trip to New Jersey and New York. They visited with Mrs. Turner's aunt and uncle, Mr. and Mrs. Charles Snyder, Fanwood, N. Y.

Ever prepare scalloped potatoes with a cheese sauce? Delicious to serve with almost any roast meat.

### Miss Dudleson, Mr. Weiland Are Married in Bloomfield

Miss Marilyn Joyce Dudleson and John Thomas Weiland were united in marriage at 2:30 p. m. Sunday at the South Bloomfield Methodist Church. The Rev. H. C. Lockwood performed the double ceremony.

The bride is the daughter of Mr. and Mrs. Carl Dudleson, Route 1, Williamsport. The bridegroom's parents are Mr. and Mrs. George Weiland, Columbus.

The bride was attired in a white lace afternoon dress with a scalloped neck line, bell skirt and long fitted sleeves. She wore a veil, caught with four satin bows and white accessories. She wore a gold locket which belonged to her grandmother.

She carried a white bible a gift of the groom on which was a bouquet of white rose buds and white teardrop leaves inset with pearls.

The bride's only attendant was Miss Anita Follrod. She was attired in a lavender afternoon dress with white accessories and wore a corsage of yellow rose buds. Mr. Carl Cathel Jr., served as best man.

Following the ceremony a small reception was held in the home of the bride's parents.

For their wedding trip through the southern states, Mrs. Weiland was attired in a blue pin strip dinner suit and white accessories and her corsage was taken from her bridal bouquet.

The new Mrs. Weiland is a graduate of Jackson Twp. High School and is employed as a secretary for Grange Mutual Casualty Co., Columbus.

Mr. Weiland is a graduate of Aquinas High School and attended Ohio State University. He is employed as meat cutter with Big Bear Stores, Columbus.

The couple will make their home at 5040 Meadowbrook Dr., Columbus, following their wedding trip.

## 5-Run Rally by Cleveland Sinks Mighty Yankees, 9-7

By THE ASSOCIATED PRESS

The Cleveland Indians rallied for five runs in the eighth inning and defeated the New York Yankees 9-7 Friday night. It was the third straight loss for the Yankees and left them five games behind the American League leading Detroit Tigers, who were idled by cold weather at Boston.

Cleveland and Minnesota, tied for third, edged within .004 percentage points of New York, with the Twins belting Kansas City 11-1. Baltimore defeated Washington 4-2 and the last place Los Angeles Angels, after losing seven in a row, swept a twin-night double-header from the Chicago White Sox 4-3 and 5-3.

The Yankees backed starter Bob Turley and Luis Arroyo, the first of the relievers, with home runs by Roger Maris, Yogi Berra and Hector Lopez at Cleveland and had a 7-4 lead going into the eighth. Then the Indians came up with four consecutive hits, the fourth a tying two-run single by Chuck Essegian off losing reliever Tex Clevenger (3-2). The deciding run was forced home when Jim Coates hit Woody Held with a pitch with the bases loaded.

Vic Power, who had three of Cleveland's 15 hits, closed the scoring by stealing home — his first steal of the season — as the Indians beat the Yanks for the first time in 13 decisions going back to last July 10. Barry Latman (3-0) won in relief.

The Twins blasted Kansas City's winning streak at five games as Dan Dobbek belted a pair of home runs, the first a grand slam that wrapped it up in a six-run third inning against Ed Rakow (0-1). Don Mincher also homered for the Twins while southpaw Jack Kralick won his fourth, against one defeat, with a seven-hit job.

Baltimore, after losing five in a row, replaced Kansas City in fifth place while ending the Senators' winning streak at five. The Birds did it with a three-run

### Circle Lanes Awards Given To CHS Girls

A trophy has been presented to Circleville High School by Circle Lanes, engraved with the name of the winning team participating in girl's student bowling leagues this season at the recreation center.

Members of the squad, who also received individual awards, are Judi Eddy, Sharon Andonian, Stephanie Hedges, Virginia Owens and Connie Farmer.

Merry Kay Glitt received a trophy as the "most improved" bowler in the Monday League. Judi Eddy copped the high single game and high two-game award for Monday keglers.

The most improved bowler in the Tuesday League was Patty Quinkel. Karen Antrim rolled the Tuesday loop's high single score and Ann Hoffman took the award for high two-game mark.

All awards were made during an assembly Thursday afternoon in the CHS auditorium.

### 'Willie The Shoe' Rides His 4000th

INGLEWOOD, Calif. (AP) — Willie Shoemaker, five times national riding champion and only 29, has joined the select circle of jockeys who have ridden 4,000 winners.

Shoemaker booted home Guarantey in Friday's third race at Hollywood Park. It was the 4,000th time a Shoemaker mount was first across the wire.

Willie and Johnny Longden, Eddie Arcaro and England's Sir Gordon Richards now constitute the top four riders in thoroughbred racing. Longden, who has ridden 5,511 winners, is 54. Sir Gordon, who has retired, has 4,870. Arcaro, with 4,690, is 45.

### Golf Tourney at PCC

Bob Biscotti, Pickaway County Club pro, today reminded golfers of the Poker Hand and Blind Bogey tournament scheduled tomorrow at the Stoutsville Pike course.

The Reds, once easy pickin's for the Braves and right-hander Lew Burdette, beat Milwaukee for the fourth time in four tries this season behind the five-hit pitching of Jim O'Toole (4-3).

The Reds scored in the first inning on a single and Ernie Banks' two-out pop up that dropped for a double when Card shortstop Daryl Spencer lost it in the sun. Chicago managed just two more hits off southpaw Ray Sadecki (2-3). It was the 10th major league shutout for Hobbie (24).

Jim Woods' first homer of the year broke a 1-1 tie and triggered a two-run fifth inning for the last place Phils, who have won only three of their last 15 games. Pirate right-hander Bob Friend (4-4) lost his fourth in a row. Art Mahaffey (4-3) was the winning pitcher.

The Cubs scored in the first inning on a single and Ernie Banks' two-out pop up that dropped for a double when Card shortstop Daryl Spencer lost it in the sun. Chicago managed just two more hits off southpaw Ray Sadecki (2-3). It was the 10th major league shutout for Hobbie (24).

### Judy Ankrom In Good Start At Horse Shows

Judy Ankrom, daughter of Mr. and Mrs. Dale Ankrom, Route 1, and an avid horse enthusiast, is off to a good start for the 1961 show season.

In the April horse show at Delaware Judy won first in the saddle performance class riding The Senator. At the same show, Ric-A-Sha, a new pony in the Ankrom stable, earned first in the model pony class.

A few days later at Delaware, Judy took first place in performance under saddle with Ric-A-Sha.

At Ashland early this month, Miss Ankrom placed Ric-A-Sha second in saddle performance. Riding Shadrack, another new pony, she earned first place in performance and third in the parade pony class.

LAST weekend at the River Ridge show at the State Fairgrounds, Judy won first in the saddle class aboard Ric-A-Sha, then came back with Shadrack to pick up third in another saddle performance.

Later in the River Ridge show she placed second on Shadrack in the parade pony class, then topped the show on Shadrack by winning the saddle performance championship stake.

### DuPont Team To Meet

Manager Bill Blanton of the DuPont Babe Ruth league baseball team has called a first practice session for his unit, scheduled 6 p.m. Tuesday at Ted Lewis Park rain or shine.

Rudolph fired a smooth 33-35. Sanders used 31 putts and shot five birdies for 34-34-68.

Cupit, of Fort Smith, Ark., Bert Weaver of Daytona Beach, Fla., and Jerry Steelsmith of Glendale, Calif., were tied for third with 137s.

In 10 years, Coach Tom Swayze's Mississippi baseball teams won 155 games and lost 73 for a .680 percentage.

The first game today starts at 7 p.m. Sunday's encounter will open at 7:30 p.m.

### Tempers Flare, But Jets Win

By THE ASSOCIATED PRESS

"I hope we can win some games, draw some fans and have some fun," observed first baseman George Crowe before Charleston's new baseball team, late of San Juan, took the field Friday night against Jersey City.

A short time later, Charleston had lost its first International League contest 5-4 in 10 innings to the Jersey City. Crowd of 3,608 saw the defeat, and Crowe didn't have much fun.

Jersey City won it in the 10th when Danny Kravitz singled Andres Ayon home with the winning run after home runs by Jim Pendleton and Borrego Alvarez had overcome a 4-2 Charleston lead and sent the game into extra innings.

In other games, league-leading Columbus beat Richmond 6-4 in a contest marred by a free-for-all: Rochester's Art Quirk blanked Toronto 6-0 with a one-hitter, and Syracuse whopped Buffalo 7-2.

The Columbus-Richmond melee was touched off when Jets' catcher Don Leppert tripped in the first inning, then tried to score on a wide pitch which got away from Virginians' catcher Bill Shantz.

Richmond pitcher Gary Blaylock hustled in to cover the plate, tagged the speeding Leppert out, then took a swing at the runner after the close play. Other players poured onto the field and exchanged punches before order was restored. Blaylock and Leppert were ejected.

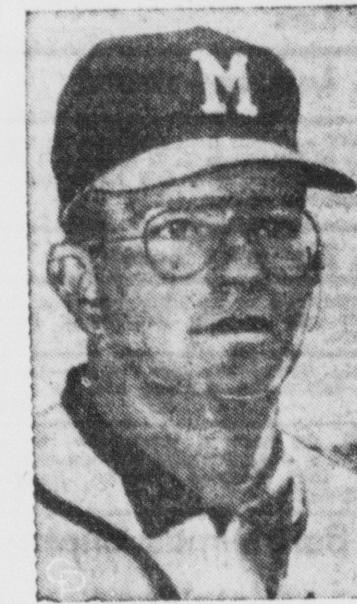

### Stonerock's Eyes Twinbill Tonight

Stonerock's TV softball team opens competition in the Ohio Fastball League tonight in a double-header with Richwood at Ted Lewis Park.

The TV aggregation, enjoying a successful exhibition swing here, will meet two top rated Richwood pitchers in Mark Weldie and Charlie Snyder. Weldie is a lefthander.

Sunday night the Stonerock nine hosts Magic Window Cleaners of Columbus in an exhibition tilt.

The first game today starts at 7 p.m. Sunday's encounter will open at 7:30 p.m.

## \$333 Daily Double Paid At Lebanon

LEBANON, Ohio (AP)—The biggest daily double so far this year—\$333.80—was paid at Lebanon Raceways Friday night to patrons who put their money on Stormy Hour in the first and Queen's Plaid in the second.

Stormy Hour did the mile in 2:13, paying \$37.20, \$9.60 and \$4.60, while Queen Plaid's time was 2:11.25. She paid \$16.80, \$5.00 and \$3.00.

The featured International Handicap Trot was won by Todd Volo who came up from last place to win by a nose in the stretch in 2:07.35.

The eight-year-old bay gelding, owned by Lawrence Miksell, of Eaton, was driven by Herman Foist. He paid \$5.60, \$4.00 and \$2.60, with second place Vega Wick being worth \$8.00 and \$3.20 and MC's Bomb paying \$2.60 to show.

Clear skies are expected for tonight's third leg of the Harness Tracks of America Pace for the nation's top four-year-olds. The race should see the end of the raceway's pacing record of 2:02.2 set in 1953 by Merle Rose.

Six of the 11 horses entered for the race have been recorded at less than two minutes per mile, including Muncy Hanover who did the mile in 1:58.3 at the Delaware, Ohio, track.

Countess Alams, one of the early favorites in the seven-race series has been clocked at 1:57.3. Other contestants who have broken the two-minute barrier are Dancer Hanover, Sampson Direct, Knight Time and Mountain Price.

## 166 Circleville Students Honored at Awards Program

The student body of Circleville High School assembled Thursday for an annual awards meeting to honor 166 CHS Students.

Highlighting the assembly was the presentation of gifts to J. Wray Henry, retiring principal of CHS, by the students. Daniel Moffitt, a senior representing the student body, presented Henry with an anniversary clock, a record cabinet, and several long-play record albums.

Certificates were presented to the following students for the first ten places in the General Scholarship Test:

Philip A. Wing, first; Brian Burley, second; Patricia Schroeder, third; Katherine Measamer, fourth; Sandra Smith, fifth; Stephen Yost, sixth; Roger Lambert, seventh; Michael Houghton, eighth; Dave Pritchard, ninth; and Anita Dean, tenth. Eight students received honorable mention certificates.

**TWELVE** students received honorable mention certificates in the Ohio State University District General Scholarship tests for high school seniors.
